# 1 LETTER FROM THE CEO

DAZ is one of AAGs companies (AbdelReheem Amr Group) established in 2017. Our aim is to bring the opportunity of choice to the local market, while competing with the international products. Our mission is to achieve high quality products as competitive as the highest international products with innovative designs at affordable prices specially tailored for our unique clients inside and outside of Egypt. For more than 75 years AAG has been working in the furniture manufacturing and retail sector in Egypt. This allowed us to be confident that DAZ meets our clients' needs and expectations. Attention to details and competitive high quality products is what DAZ is all about .

## 2 OUR FACTORY

DAZ was created to provide the Egyptian market with Furniture that fulfills international standards of both quality and design. With a manufacturing facility on a built-up area of 6000 m square DAZ has 3 production lines:

1. Live Edge wood
2. Engineered wood
3. Upholstery

To ensure delivery of highest standards, the DAZ plant is equipped with the most sophisticated machinery on the market. The manufacturing lines are operated by highly experienced engineers and qualified workers. Our technical team is represented by strong innovative and talented engineers who constantly show precision and innovative designs in their technical drawings.

Thank you for your trust in DAZ

# 3 WHY WE ARE SPECIAL

Our products are based on 75 years of experience in furniture manufacturing and in modern unique furniture designs. We use our experience as one of AAG companies, to create a very special system where experience meets quality, and modern designs.

DOORS OPTIONS

Number of sections: 1, 2, 3, 4

Number of doors: 1 to 18

High quality CLASSIC locker powder coated. The powder coating provides a scratch-resistant finish that withstands heavy use. The metal lockers are perfect for storing and personal belongings in workplaces, gyms, schools, exhibition halls and other public spaces.

The doors have a doorstop and rubber dampeners for smooth and silent closing. The perforations in the bottom and top of the frame let out any moisture to prevent damp. The locker is supplied made of fully-welded, with a lacquered pine seat and adjustable feet.

The addition of a bench frame raises the locker to a convenient height for sitting down and makes it easier to clean underneath it for improved hygiene. The lockers are supplied with a locking device we allow you to choose the lock system that best suits your needs.

Product features :

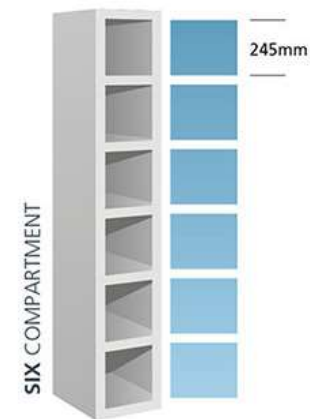

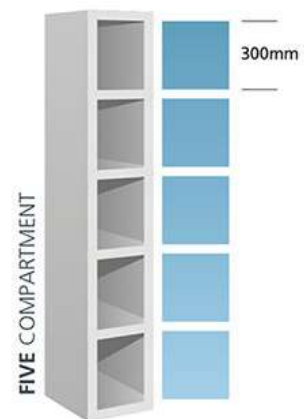

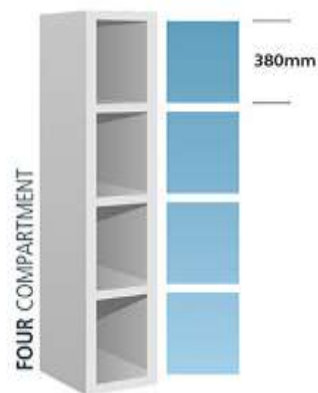

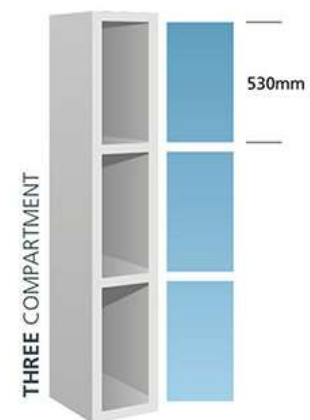

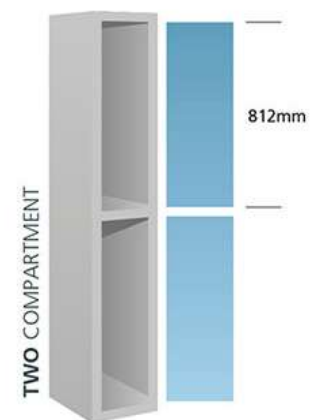

- Lockable for security
- Ventilated for air circulation
- Adjustable leveling feet
- Raised base for easy cleaning underneath
- Internal shelf and hanging rail

# SOFA 02

When specifying furniture, there are several points that should be made clear to the manufacturer regarding the materials to be used and the quality of construction that is expected. A hardwood frame should be standard but to be on the safe side it would be a good idea to make it a comment in the specs of all the pieces
